Instructions

Extra Tip: By purchasing this full project bundle, you'll be able to make two pairs of these earrings. By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Take one headpin and string on 1 pearl and 1 petal cap. Make a simple wire loop. Set this piece aside.
2. Take one eye pin and string on 1 pearl and 1 petal cap. Make a simple wire loop. Set this piece aside. Repeat this step once more.
3. Take the headpin with the pearl and petal on it and open the loop, same as you would a jump ring. Attach this loop to the bottom loop of one of the eye pins with the pearl and petal on it. Close the loop.
4. Move to the other side of the eye pin you just attached and open the top loop and attach it to the bottom loop of the next eye pin with a pearl and petal on it.
5. Move to the top loop of the piece you just added and attach this loop to the loop of one earring hook. Close the loop and you are all done!
