## Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Begin by stringing one turquoise bead on to one eye pin. Make a simple wire loop with the loop facing perpendicular to the eye pin.
2. Open one loop of the eye pin, same as you would a jump ring, and attach this loop to the top of the teardrop focal. Close the loop.
3. Open the second loop of the eye pin and attach it to the loop of the earring hook. Close the loop, and you're all done.
