### Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Begin by stringing one drop bead on to one head pin. Make a simple wire loop. Repeat this step twice more.
2. Then open the simple wire loop, same as you would a jump ring and attach it to one hole of the crescent. Close the loop. Attach all three to the bottom holes (see photo).
3. Finally, open the loop of the earring hook, same as you would a jump ring, and attach it to the top hole. Close the loop and you are all done.
