## Instructions:

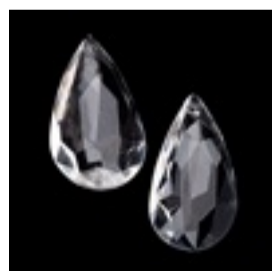

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by taking your head pin and sliding it through your Lucite bead.
2. Once your bead is on, create a simple wire loop using your pliers. Cut off any excess wire using your flush cutters.
3. Unhook your silver plated earring hook wire and slide it through your simple wire loop, leaving your Lucite bead resting at the bottom of your earring hook wire. Close up the hook.
4. That's it!

## Variations

Mix and match with an assortment of faceted beads.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
