Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by stringing your orange bicone onto your eye pin.
2. Create a simple wire loop (at the top using your round nose pliers. Snip off any excess wire using your flush cutters.
3. Then open up a jump ring with your chain nose pliers and slide it through the simple wire loop on the bottom of your orange bicone bead. Then slide on your pumpkin charm and close the jump ring.
4. Next open up the loop in your earring hook (like you would a jump ring) and slide it onto the simple wire loop on top of your orange bicone bead. Close your earring hook back up.

5. Your earring is now ready.
