Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring. You will need need a scrap of wire or glue applicator for this project.

1. Using your scrap of wire, add a dab of E6000 to the flat side of your gold plated earring post.
2. Next, flip your ceramic Gingerbread bead over and gently place the earring post onto the center.
3. Let your earring completely and then place the earring backs onto the posts.
4. And that's it!
