Project uses 16 pieces

TierraCast Real 22K Gold Plated Pewter 11mm Hammered Round Connectors (4)

SKU: BMB-3361

Project uses 8 pieces

### Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

## Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by opening a gold plated jump ring with your chain nose pliers and slide on one of the holes from a gold plated TierraCast round connector. Before closing your jump ring, also slide on a turquoise teardrop bead and close.
2. Repeat this process 3 more times. You should have 4 connector beads with 4 turquoise beads dangling off of them using jump rings when you're done.
3. Next, slide the following onto your gold plated hoop earring: 1 turquoise tear drop bead, 1 gold plated TierraCast connector (slide on through the second free hole), 1 turquoise tear drop bead, 1 gold connector, 1 Beadelle pave bead, 1 gold connector, 1 turquoise tear drop bead, 1 gold connector and 1 turquoise tear drop bead.
4. Once all your beads are on, use your chain nose pliers to bend the 1/16" - 1/8" tip of the straight wire end of the earring hoop upwards. You can see how to do so in the video here.
5. You're done!
