### Instructions:

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by sliding your vintage bead onto a gold plated head pin.
2. Next, create a wrapped wire loop with your round nose pliers. Snip off any excess wire with your flush cutters.
3. Open the loop on your gold plated earring hook (how you would a jump ring ring) and slide it onto the loop on your simple wire loop and close.
4. That's it!
