Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Using your chain nose pliers, open up the loop in your earring hook (how you would a jump ring).
2. Slide on the loop from your antiqued brass bezel stamping and close.
3. Next, add a few dabs of E-6000 glue onto the center of your bezel stamping.
4. Place your had cabochon onto the glue, flat side down.
5. Set aside to dry.
6. Thatâ€™s it!
