Instructions:

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by adding 6 tiny dabs of Hypo Cement glue onto your Vintaj filigree star stamping: 5 beneath the points and 1 onto the center. Refer to the photo for placement assistance.
2. Next, watch the video on How to Use a Magical Pick.
3. Using your Magical Pick, gently pick up a ss12 SWAROVSKI ELEMENTS rhinestone flatback in Palace Green Opal and place it onto a dab of glue on your star stamping. Continue adding on the rest of your flat backs.
4. Set aside to dry for a few minutes.
5. Once dry, open up the loop from your antiqued brass kidney wire and slide it onto the loop at the top of your star stamping and close.
6. That's it!

Variations

Look through a variety of ss12 SWAROVSKI ELEMENTS rhinestone flat backs and choose your favorite colors.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
