Project uses 2 pieces

### Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-5511] Beadsmith Jeweller's

Micro Pliers Chain Nose Flat Nose

## Instructions

By following the directions below, you will make one earring. Repeat all instructions to make the second earring.

1. With your chain nose pliers, open a gold plated 8mm jump ring and slide it onto the loop on the bottom of your TierraCast earring stud and also the hole on your Swarovski crystal spike pendant. Close the jump ring.
2. Cut a wire length of 10 inches with your flush cutters.
3. Take your length of wire and using your fingers, wrap it around the top portion of your Swarovski crystal spike pendant as a decorate accent. If you would like a neater look, simply use your pliers for a tight wrap. See photo for assistance.
4. Lastly, add on your gold tone hypo allergic earring back and you're done!
