SKU: CHX-1061

Project uses 5 inches

Gun Metal Plated Fish Hook Earring Hooks (50)

SKU: FEA-3092

Project uses 2 pieces

Beadelle Crystal 12mm Round Pave Bead - Gunmetal Plated / Black Diamond (1 Pc)

SKU: BDLL-0207

Project uses 2 pieces

Gun Metal Plated Head Pins - 21 Gauge 3 Inches (25)

SKU: FHP-06319

Project uses 2 pieces

Gun Metal Plated Corrugated Bead Caps - 3.5mm Diameter (100)

SKU: BMB-7040

Project uses 4 pieces

Recommended Tools:

[XTL-5200] Standard Size Beading Crimping Pliers (For 2x2mm & 2x1mm Crimp Beads),

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Snip off a length of gemstone chain that is 7 rondelles long, making sure the end loops are in tact. (For this reason, I have included 5 inches of gemstone chain in this project).
2. Open the loop on your gunmetal earring hook (how you would a jump ring) and slide it onto the last loop from one end of your 2 1/2" length of gemstone chain and close.
3. Onto a 2 1/2" gun metal head pin, slide on 1 gun metal bead cap, 1 Beadelle pave bead, and another gun metal bead cap. Also slide on the last loop from the other side of your gemstone chain length. Create a wrapped wire loop and snip off any excess with your flush cutters.
4. That's it!
