SKU: PND-10175

Project uses 2 pieces

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by adding a dab of E-6000 glue into the bezel setting of your TierraCast connector link and place your Swarovski rivoli stone on top. Set aside to dry.
2. Using your chain nose pliers, open a jump ring and attach it to the loop on your lever back earring finding and close.
3. Open another jump ring and attach it onto that first jump ring. Before closing, also slide on the top loop from your rivoli link and close.
4. Open another jump ring and slide it onto the bottom loop of your rivoli link and also slide on the loop from your anchor charm and close.
5. You're done!
