Project uses 2 pieces

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by adding a dab of E-6000 glue into the bezel setting of your TierraCast connector link and place your Swarovski rivoli stone on top. Set aside to dry.
2. Next, using your chain nose pliers, open a silver plated jump ring and slide it through the loop on your Swarovski pave star charm and also the bottom loop of your TierraCast connector link. Close the jump ring.
3. Open your silver plated earring wire and slide on the top loop from your bezel setting and close.
4. You're done!
