Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Using your flush cutters, cut a length of Swarovski crystal cup chain that is 8 cups long.
2. Next, watch the video on How to Use Cup Chain Ends.
3. Following what you learned in the video, attach a gold plated foldover cup chain crimp end onto either end of your cup chain length using your chain nose pliers.
4. Next, open the loop on your earring hook (how you would a jump ring) and attach it onto the loop from one of your cup chain ends and close.
5. Next, open a jump ring using your chain nose pliers and slide on the loop from your Nunn Design flower charm. Before closing, also slide on the loop from your second cup chain end and close.

6. You're done!
