Silver Plated Fishhooks Earring Hooks (50)

SKU: FEA-3015

Project uses 1 pair

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Add a few dabs of E-6000 glue into the bezel of your TierraCast connector link. Gently place your Swarovski patina chaton on top. Set aside to dry.
2. Using your chain nose pliers, open your earring hook (how you would a jump ring) and slide it onto the top link of your connector link and close.
3. Next, open a silver plated jump ring using your chain nose pliers and slide on the lucite pendant and also the bottom link from your connector link and close.
4. You're done!
