Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Begin by taking your gold plated earring hoop and slide on twelve 22k gold vermeil nugget beads.
2. Once all your beads are on, use your chain nose pliers to bend the 1/16" - 1/8" tip of the straight wire end of the earring hoop upwards. You can see how to do so in the video here.
3. You're done!
