Instructions:

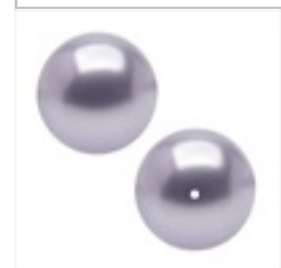

Don't forget to double these instructions to make your matched pair of earrings.

1. Use your Vintaj Relief Block and gently sand the fine detail elements of your Vintaj Arte Metal navette pendant, exposing the shiny silver below.
2. Place onto your unfinished black finish earring hook 1 SWAROVSKI ELEMENTS 6mm faux pearl in grey. Using your wire looping pliers, create a simple wire loop after the pearl. You should not need to trim the wire at all.
3. Open the wire loop that you just made (the same way you would open a jump ring) and connect it to the top loop of your Vintaj navette pendant. Close the loop.
