Instructions:

1. Place an 8mm white SWAROVSKI ELEMENTS crystal faux pearl onto a silver-filled head pin.
2. Create a simple wire loop after the pearl using wire looping pliers. Cut off excess wire with flush cutters.
3. Open the simple wire loop the same way you would open a jump ring and attach it to the ring at the base of your silver-filled hoop earring finding. Close the simple wire loop back up.
4. Please repeat the above instructions to make your second earring.
5. All done!

Variations

Choose from a wide variety of colors of SWAROVSKI ELEMENTS faux pearls for this project.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
