

Embellished Marigold Earrings

Project E748

Designer: Julie Bean

These fetching earrings are a striking juxtaposition of modern and old world design. The rectangular tag pendant has an edgy bent to it while the large marigold stamping is soft and romantic.

Instructions

Please note you will also need a fine tip felt pen for this project. By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. The creation of this entire earring can be seen in the video: [How to Use Nunn Design Micro Screw and Nut Sets](#)
2. Based upon what you learned in the video, please make your earring.
3. Enjoy!
