Instructions:

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Place one of your filigree beads onto a head pin. Create a wrapped wire loop after the bead and snip off excess wire with flush cutters.
2. Open the loop at the base of your earring hook (the same way you would open a jump ring) and link this to the wrapped wire loop you just made. Close the loop.
3. All done! Enjoy!

Variations

Create this same design but choose a different sterling silver focal bead.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
