Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. To learn how to make these earrings, please watch the video: How to Make a Swarovski Crystal Skeleton.

2. In the video you will learn how to wire his body and create fingers and toes that dangle and move.

3. Not shown in the video is how to attach the earring hook. To do this, simply open the loop at the base of the earring hook (the same way you would open a jump ring) and link it onto the wrapped wire loop above the skull bead. Close the loop back up.
