Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. To make this earring, please watch the video: Show & Tell: Swarovski Crystal Fancy Stone Pendant Settings
2. At the end of the video it will show you how to make these earrings from start to finish. For written instructions, please see below:
3. Place a small dab of E6000 glue into your setting and place your pear fancy stone into it. Press into place and let dry.
4. Once your setting is dry, take your earring hook and open the loop at the base the same way you would open a jump ring. Slip the loop at the top of the setting onto earring hook, making sure it is facing forward. Close the loop.
5. Enjoy!
