## Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. To make these earrings, open the loop at the base of the earring hook (the same way you would open an eye pin) and slip on the Zola Elements focal. Close the loop back up.
2. Next, take 3 Miyuki delica beads and slip them onto the earring hook via the long straight end of the hook. Slide them over the arc and down to rest near the loop.
