### Instructions

Remember to repeat these instructions to make your set of 4 hair pins.

1. Begin by taking the cap off of your tube of E6000. Turn the cap upside down and puncture the tube's protective seal with the pointed tip inside the cap.
2. Squeeze a small dab of E6000 glue onto the flat glue-on tab of a bobby pin. Line up the flat tab of the bobby pin with the center backside of your cameo and press into place. Set aside to dry.
3. Let dry for 24 hours.
