Instructions

1. Begin by gathering 7 black chrysanthemum flower cabochons and 7 white rose cabochons.
2. Place a dab of E6000 glue onto the outer 3.5" mark of one side of your black head band. This is where you will begin gluing on your cabochons.
3. Carefully place a black chrysanthemum cabochon (flat side down) onto the glue.
4. Add another dab of E6000 glue onto the headband, next to where your first cabochon is.
5. Place a white rose cabochon (flat side down) onto the glue.
6. Repeat this process and glue on 6 more pairs of black and white flower cabochons onto your headband, making sure you are gluing them down evenly.
7. Set your headband aside to dry and enjoy!
