SKU: CHA-9805

Project uses 18 inches

E6000 Industrial Strength Glue Adhesive (0.18 fl oz)

SKU: XTL-1054

Project uses 1 tube

### Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

## Instructions

1. Place a dab of E6000 glue onto the smooth side of a Nunn Design antique silver plated long shield pendant tag and place it glue side down into a Nunn Design antique gold plated long shield bezel pendant.

2. Put a bit of glue onto the back of a Nunn Design solid brass fleur de lis stamping, being careful not to get glue on the sides, and place it glue side down on to the pendant tag. Allow the glue to dry thoroughly before continuing.
3. Separate an 18" length of Nunn Design antique silver plated textured cable chain by opening a link as you would a jump ring.
4. Hang your pendant from a Nunn Design antique silver plated etched jump ring, and run the chain through the ring.
5. Attach a second jump ring to one end of your chain. Open the last link of the other end and use it to attach a Nunn Design antique silver plated lobster clasp.
