Instructions

1. Cut lengths of matte black oxidized rolo chain 1", 1.25", 1.5", 1.75", and 2" long. Cut another piece 18" long and set that aside.
2. Place a 6mm, 18 gauge stainless steel jump ring into one end of each of the short pieces of chain. It may be tricky to get the jump ring into the chain link, but it does fit. If necessary, very gently squeeze the last link with chain nose pliers to flatten it just ever so slightly and the jump ring will fit better.
3. Hang a 10mm crystal heart pendant from each of the short chains using the inserted jump rings. Alternate between the crystal color and the antique pink color, however you like.
4. Place the free ends of all 5 short chains into a new jump ring and close it up. Use another jump ring to attach this ring to the bottom hole of a Green Girl Studios pewter love message link.
5. Place a jump ring in the top hole of the message link and slide the 18" length of chain through it.
6. Place a jump ring on one end of the 18" chain, and use another jump ring to attach a 12mm antique silver plated lobster clasp to the other end.
