Project uses 1 tube

Specialized Tools

Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

SKU: XTL-5511

Instructions:

1. Place a dab of E6000 glue onto the back of a SS20 Volcano crystal flatback and press it into place in the center of an antique silver plated daisy charm. Repeat with five more flatbacks and daisy charms. Allow the glue to dry thoroughly before continuing.
2. Find the center of a 16" orange ball chain necklace. Skip the next break between balls and hang a flower charm from the second break using a rhodium plated oval jump ring.
3. Skipping 3 breaks between charms, hang two more charms to the same side as the first. Then, skipping 3 breaks between charms, hang three charms to the other side of the first charm.
