Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

Instructions

This is designed to be a shorter necklace and measures just about 16" long. If you would like to adjust the finished length, simply add or subtract from the length of the cable chain pieces.

1. Clear away any cut links from the ends of your chalcedony gold vermeil chain using a pair of flush cutters, and leaving the ends with in tact links.
2. Cut two 5" lengths of delicate gold filled cable chain.
3. Use a 3mm, 22 gauge gold plated jump ring to attach one piece of cable chain to each end link on your gemstone chain.
4. Use the included jump ring on a gold filled lobster clasp to attach the clasp to one end of the cable chain, and attach a 4mm, 22 gauge gold plated jump ring to the other end of the cable chain.
