Copper Plated Pewter Spindle Shell Charm 23.7mm (1)

SKU: PND-5063
Project uses 1 piece

Copper Plated Pewter 2-Side Starfish Charm 18mm (1)

SKU: PND-5069
Project uses 1 piece

Nunn Design Antiqued Copper Plated MusselShell Charm 25.5mm (1)

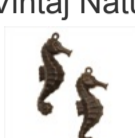

SKU: PND-6923
Project uses 1 piece

22K Gold Plated Pewter 2-Side Starfish Charm 18mm (1)

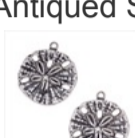

SKU: PND-5068
Project uses 1 piece

Vintaj Natural Brass Ocean Sea Horse Double Sided Charms 24mm (2)

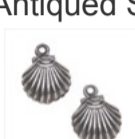

SKU: PND-7101
Project uses 1 piece

Antiqued Silver Plated Stamping One Sided Sand Dollar Charms 18.3mm (2)

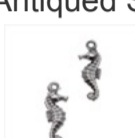

SKU: PND-5842
Project uses 1 piece

Antiqued Silver Plated Stamping Scallop Seashell Charms 12mm (2)

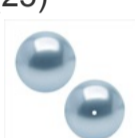

SKU: PND-5839
Project uses 1 piece

Antiqued Silver Plated Stamping Ocean Seahorse Charms 14.4mm (2)

SKU: PND-5838
Project uses 1 piece

SWAROVSKI ELEMENTS Crystal Faux Round Pearls #5810 8mm Light Blue (25)

SKU: SWP-8031
Project uses 1 piece

Genuine Copper Open Jump Rings 6mm 19 Gauge (25)

SKU: FJR-3084
Project uses 25 pieces

Artistic Wire Bare Copper Craft Wire 20 Gauge - 6 Yards

SKU: WCR-2034
Project uses 54 inches

Hand Painted Porcelain Rectangle Focal Bead Blue Conch Seashell 18x24mm (1)

SKU: BWC-124
Project uses 1 piece

Hand Painted Porcelain Flat Oval Focal Bead Ocean Conch Seashell 24x32mm (1)

SKU: BWC-150
Project uses 1 piece

Hand Painted Porcelain Rectangle Focal Bead Orange Scallop Seashell 30x40mm (1)

SKU: BWC-135
Project uses 1 piece

Hand Painted Porcelain Flat Oval Focal Bead Blue Ocean Seahorse 24x32mm (1)

SKU: BWC-149
Project uses 1 piece

Hand Painted Porcelain Rectangle Focal Bead Blue Spiral Conch Seashell 18x24mm (1)

SKU: BWC-125
Project uses 1 piece

Instructions:

- Begin by turning all of the porcelain beads, and all but one of the Swarovski pearls into "links". Do this by cutting twenty four lengths of twenty gauge copper wire at two inches long each, four pieces of wire at three inches long each, and one piece of wire at four inches long.
- Create a simple loop at one end of each piece of wire.
- Slide each individual bead onto each piece of wire, the pearls on the two-inch segments, the four smaller porcelain beads onto the three inch segments, and the large focal porcelain bead onto the four inch segment.
- Create another simple loop at the other end of each piece of wire, close to the bead. Trim off all excess wire.
- To join these links, open the loop at one end of each bead the way you would open a jump ring, thread it through the loop at one end of the next bead link in the sequence, and close it once more. The sequence for the right side of the necklace is as follows, from the top (where the clasp is added) to the bottom (where the pendant is added):
 - o nine Swarovski pearls, the 18mm x 24mm spiral conch shell rectangle porcelain bead (BWC-125)
 - o one Swarovski pearl
 - o the 24mm x 32mm ocean conch shell oval porcelain bead (BWC-150)
 - o and two more Swarovski pearls.

The sequence for the left side of the necklace is as follows:

 - o nine Swarovski pearls
 - o the 18mm x 24mm small conch shell rectangle porcelain bead (BWC-124)
 - o one Swarovski pearl
 - o the 24mm x 32mm seahorse oval porcelain bead (BWC-149)
 - o and two more Swarovski pearls.
- Open the very last wire loop on the two sides of the necklace and thread them both through the wire loop at the top of the large porcelain focal bead with the orange scallop shell on it (BWC-135). Close both loops again.
- Create a chain by linking together eleven 6mm jump rings. Add this chain to the bottom wire loop on the focal bead.
- Add all of your charms to this jump ring chain, spacing them out evenly and alternating metal colors.
- Thread a Swarovski pearl onto a headpin and create a wrapped wire loop. Add this pearl charm to your jump ring chain along with the other charms.
- Open the wire loop at each end of the necklace. To one end, add the "loop" part of the toggle clasp. To the other end, add the "bar" part of the toggle clasp. Close both wire loops.
