

Floating Leaves Necklace

Project N179

Designer: Andrea Morici

In this necklace, two soft green leaves float weightlessly between lengths of delicate natural brass figaro chain.

Note: Please note that the clasp for this project varies slightly from the one shown in the photo. It is smaller in size but still an antique brass magnetic clasp.

Instructions:

1. Cut two lengths of chain at seven and one quarter inches long each.
2. Using a jump ring connect one end of each piece of chain to the loop at the top of each of the leaves. Close both jump rings.
3. Open another jump ring and use it to connect the two leaves, joining the tip of one leaf to the side of the other leaf.
4. Connect the other ends of the chain to either half of the magnetic clasp using jump rings.
