Instructions

These instructions will give you a necklace that is 19" long.

1. Begin by cutting your chain into one 8" length and one 9" length. Set aside.
2. Using the candy Jade and the seed beads, make an ornate beaded bead.
3. Take one eye pin and thread it through one cluster of seed beads that is on the beaded bead and out the direct opposite cluster of seed beads on the other side. Make a simple wire loop. Be careful not to squish your beaded bead when you make your loop.
4. Open one 5mm jump ring; onto this jump ring place the eye pin, the jump ring attached to the charm and the chain that is 9" long. Close the 5mm jump ring.
5. Open one 5mm jump ring and attach the other side of the eye pin to the chain that is 8" long. Close the jump ring.
6. Onto the other end of the 8" chain and attach one 5mm jump ring and one lobster clasp. Close the jump ring.
7. Onto the other end of the 9" chain and attach one 5mm jump ring. Close the jump ring.
