Project uses 1 piece

Recommended Tools:

[XTL-3006] BeadSmith English Beading Needles Size 12 (4 Needles), [XTL-0106] BeadSmith

Cordless Thread Zap II Thread Burner Tool

Instructions

1. Begin first by attaching the ultra suede backing to the sugar stone. Place a dab of Crafter's Pick glue onto the back of the sugar stone and place it towards the edge of the ultra suede backing.

2. Once dried, trim around the sugar stone and set aside.
3. Please watch our video: [How to Weave a Basic Beaded Bezel](#). For this project, you will make four rows of 11/0 Toho beads; and on the top and bottom you will make three rows of the 15/0 Toho Beads each.
4. Before you tie off and weave in your thread, you will need to attach one closed jump ring. Take your needle and thread up through one 11/0 bead that is in the last row towards the back of the piece. Thread on one closed jump ring and loop around to go back through the next 11/0 bead. Go back through the path to secure this jump ring into place.
5. Open the clasp on your finished necklace. Thread the end of the necklace through the closed jump ring. Clasp the necklace closed.
6. All done!
