Instructions

This necklace is a choker measuring approximately 15 inches.

1. Cut off two lengths of beading wire, 20 inches each.
2. Place a bead stopper over both wires, about two inches from one end.
3. For this project you will be stringing both wires simultaneously. Lay them out in front of you so that one is on "top".
4. To both wires, string on one spacer bar.
5. To the top wire, string four 6mm pearls. To the bottom wire, string three 8mm pearls.
6. To both wires, string on one spacer bar.
7. To the top wire, string four 6mm pearls. To the bottom wire, string three 8mm pearls.
8. To both wires, string on one spacer bar.
9. To the top wire, string five 6mm pearls. To the bottom wire, string four 8mm pearls.
10. To both wires, string on one spacer bar.
11. To the top wire, string five 6mm pearls. To the bottom wire, string four 8mm pearls.
12. To both wires, string on one spacer bar.
13. To the top wire, string four 6mm pearls. To the bottom wire, string three 8mm pearls.
14. To both wires, string on one spacer bar.
15. To the top wire, string four 6mm pearls. To the bottom wire, string three 8mm pearls.
16. To the top wire, string three 6mm pearls. To the bottom wire, string three 8mm pearls.
17. To both wires, string on one spacer bar.
18. Now you will repeat in reverse order on the other side of the necklace.
19. After ending with one spacer bar, place one crimp bead on to each wire. Thread the wire up through one loop of one end of the clasp and back down through the crimp bead. Crimp the crimp bead. Snip any excess wire. Use a crimp cover over the crimp bead. Repeat for the other wire on this side.
20. Move to the starting end, remove the bead stopper and repeat the above process for the crimp beads and covers.
21. All done!
