Instructions

You will also need a paint brush and paper towel for this project.

1. Before beginning this project, please watch our video: [How to Use Vintaj Patinas and Glaze](#).
2. Start by using the patina on the marine dolphin pendant. Using the blue lapis patina, paint the fins and head on the dolphin. Quickly wipe off with the paper towel. Clean the paint brush.
3. Next add the marine blue patina on the body of the dolphin. Quickly wipe off with the paper towel. Clean the paint brush.

4. Next you will add the nouveau silver over the body of the dolphin, focusing on the outer edge of the dolphin. Quickly wipe off with the paper towel. Clean the paint brush.
5. Take the Vintaj relief block and buff the top of the pendant to reveal the detail on the pendant.
6. Open one 6mm jump ring, attach it to the finished chain and to the pendant. Close the jump ring.
7. All done!
