Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro

Pliers

## Instructions

This finished design will give you an 18" necklace. To modify the length, adjust the length of each side of chain.

1. Begin by cutting two pieces of chain, 8 inches each.
2. Open one jump ring. Attach one end of one piece of the chain to the jump ring and close the jump ring.
3. Move to the other side of this chain and open one more jump ring. Attach this end of the chain to one loop of the arrow connector. Close the jump ring.
4. Onto the other side of the arrow connector, attach the second piece of chain with a jump ring, same as before.
5. Move to the end of the piece of chain you just added. Open one jump ring and attach it to the chain and to a lobster clasp. Close the jump ring.
6. All done!
