Instructions

These instructions will give you a necklace that hangs at about 24 inches. Simply adjust the length of chain used to modify the length.

1. Cut two lengths of chain 10 inches each. Cut a length of chain 1 inch. Cut another length of 1 3/4 inch. Set these aside.
2. Take one pinch bail and pinch it around the snowflake pendant so it is secure. Set aside.
3. Take one head pin and string on one 14mm flower margarita bead, one 12mm flower margarita bead, one 10mm flower margarita bead, one 8mm flower margarita bead, and one 5mm bicone bead. Make a simple wire loop. Open the simple wire loop, same as you would a jump ring, and attach it to the length of chain that is 1 3/4 inches in length. Close the loop. Set this aside.
4. Open one jump ring and attach it to the pave star pendant. Attach the length of chain that is 1 inch. Close the jump ring. Set this aside.
5. Take the Nunn Design Open Frame Pendant and slip on the loop of the pinch bail with the snowflake on it.
6. Open one jump ring and attach the chain with the star pendant on it to the right of the snowflake bail around the open frame. Close the jump ring.
7. Open one jump ring and attach the chain with the tree on it to the left of the snowflake bail around the open frame. Close the jump ring.
8. Open one jump ring and attach one length of 10 inch chain to the hole on one side of the open frame pendant. Close the jump ring. Repeat on the other side.
9. To the end of left side chain open jump ring and attach one lobster clasp to the chain. Close the jump ring.
10. To the end of right side chain open jump ring and attach it to the chain. Close the jump ring.
