[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro Pliers

Instructions

This necklace measures 36 inches in length. To modify the size, simply adjust the length of chain used accordingly.

1. Cut off 12 inches of wire. Wire wrap the top of the sea glass pendant, same as you would a briolette. Trim your wire.
2. Fold your chain in half to find the center. Attach your sea glass pendant to the center link of the chain by using a jump ring.
3. Moving to the right 6 links, attach one tassel with a jump ring to the chain. Repeat twice more to add two more tassels.
4. Mirror this process on the other side of the necklace to attach your three tassels.

5. Move to the end of the right side of the chain. Open one jump ring and attach one lobster clasp to the end and close the jump ring.
6. Move to the end of the other side of the necklace. Attach one jump ring to the end of the chain. Close the jump ring and you're all done!
