Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro

Pliers

### Instructions

This necklace measures approximately 36 inches. To modify the length, simply adjust the length of chain on both sides respectively.

1. To begin, cut three lengths of gemstone chain 2.5 inches each.
2. Open one jump ring and attach two lengths of the gemstone chain to it. Close the jump ring.
3. Open another jump ring and attach one length of gemstone chain to it, and to the other jump ring you just added, and to the loop of the chakra component. Close the jump ring. This strand of gemstone chain will hang in the center of the other two.
4. Open another jump ring and attach it the end link of one side of the chain. Repeat on the other side of the chain.
5. Open a jump ring and attach it to the top loop of the chakra component. Close the jump ring.
6. Open one last jump ring and attach it to the jump ring at the top of the chakra and to the two jump rings attached to the end chain links. Close the jump ring.
