Instructions

1. Please watch our video: [How to Use a Pinch Bail](#).
2. From what you learned in the video, open the pinch bail either with your fingers or use a pair of chain nose pliers, being careful not to mangle the metal.
3. Place the prongs into the hole and pinch it closed.
4. Open the finished chain necklace and thread it through the loop of the bail. Clasp your necklace and you're all done.
