## Instructions

1. Open one jump ring and attach it to the trinity knot charm and around the center of the 16 inch chain. Close the jump ring. I recommend removing any jump rings that might come with the charms and using the 4mm jump rings for consistency.

2. Open another jump ring and attach it to the wishbone charm and around the center of the 18 inch chain. Close the jump ring.
3. Open another jump ring and attach it to the shamrock charm and around the center of the 20 inch chain. Close the jump ring.
