Instructions

1. Please watch our video: How to Make a Tassel of Beaded Coral. In this video you will see how to make the tassel portion of this necklace. Make as many corals and jump rings as you desire to make your tassel as full as you like.
2. Once you have made the tassel, continue to do the knotting technique. Continue knotting until you have made your desired length. For more in depth tips on how to do Pearl Knotting please watch that full video [here](#).
3. For a seamless join, please watch our video: How to Make a Knotted Pearl Necklace without a Clasp. Add a dab of Hypo Cement to secure your knots.
