Instructions

This necklace measures approximately 18 inches. To modify the length, you will need to purchase a different length of finished chain.

1. Begin by placing a dab of E6000 into the well of the fancy stone setting. Place the crystal into the setting. Set aside and allow to dry.
2. Next, open jump ring and attach around the center of the chain and to the loop of the fancy stone finding. Close the jump ring.
3. Please allow the pendant at least 24 hour prior to wearing for maximum bond.
