Round Nose Micro Pliers

Instructions

This necklace trio measures approximately 16, 18, and 20 inches. To modify the length, simply adjust the length of chain on both sides respectively.

1. Begin by cutting three lengths of silver chain: 8 inches, 8 inches, and 20 inches. The cut one length of gold chain: 18 inches.
2. Open one jump ring and attach it to one 8 inch length of silver chain and to one loop of the gold charm with the turquoise stone. Repeat this with the

second length of 8 inch chain and the other loop of this charm. Move to the ends of these chains and attach a jump ring to the left hand end, and then add one jump ring and one lobster clasp to the right hand end.

3. For the next necklace, open one jump ring and attach it to the silver and gold cross charm. Close the jump ring. Slide the 18 inch gold chain through the jump ring. Move to the ends of these chains and attach a jump ring to the left hand end, and then add one jump ring and one lobster clasp to the right hand end.

4. For the final necklace, open one jump ring and attach it to the gold moon charm. Close the jump ring. Slide the 20 inch silver chain through the jump ring. Move to the ends of these chains and attach a jump ring to the left hand end, and then add one jump ring and one lobster clasp to the right hand end.
