Instructions

This necklace measures approximately 19 inches. To modify the length, simply adjust the length of chain on both sides respectively.

1. Cut the chain into two equal lengths of 6 inches each. Set aside.
2. Take one eye pin and string on one 6mm Mulberry pearl, one 10mm Elderberry pearl, and one 6mm Mulberry pearl. Make a simple wire loop. Repeat this step 3 more times.
3. Take one eye pin and string on one 6mm Elderberry pearl, one 10mm Mulberry pearl, and one 6mm Elderberry pearl. Make a simple wire loop. Repeat this step 2 more times.
4. Open the loop of one eye pin, same as you would a jump ring, with the 10mm Elderberry pearl, and attach it to one eye pin with the 10mm Mulberry pearl on it. Close the loop. Repeat and alternate the colors, as seen in the photo.
5. Open the loop of the last eye pin and attach it to one end of the chain. Close the loop. Move to the other side of this chain and open one jump ring and attach one lobster clasp.
6. Move to the other side of the pearl strand and open the loop of the last eye pin and attach it to one end of the chain. Close the loop. Move to the other side of this chain and open one jump ring and attach it to the last link in this chain.
