Project uses 3 pieces

Recommended Tools:

[XTL-5600] Sharp Flush Cutter Pliers - For Cutting Beading Wire, 1 Piece, [XTL-5511] The Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] The Beadsmith Jewelry Fine Round Nose Micro Pliers

Instructions

This design measures approximately 20 inches. To modify the length, simply adjust the length of chain used.

1. Begin by cutting off 19 inches of chain using your flush cutters.
2. Then find the center of the chain, open one jump ring and attach it around the center of the chain and to the pendant. Close the jump ring.
3. Move to one side of the chain and attach one jump ring to the end link and to one end of the magnetic clasp. Close the jump ring. Then move to the other side of the necklace and repeat.
