Instructions

Please note that some instructions may refer to a video. Search beadaholique.com for the underlined video title or return to this project's page on our website for clickable links.

This design measures approximately 16 inches. To modify the length, simply adjust the length of chain used.

1. Begin by cutting off 6 inches of wire. Then please watch our video: [How to Wire Wrap a Briolette](#). Wrap the gemstone with the wire and trim the ends.
2. Cut off 16 inches of chain or as long as you'd like your necklace to be.
3. Open one [jump ring](#) and attach it to the loop of the briolette.
4. Thread the chain through the jump ring and allow the focal to fall to the center.

5. Open one jump ring and attach it to the right hand side of the chain and add one lobster clasp. Close the jump ring.
6. Move to the other side of the necklace and attach one jump ring to this end.
