

Wings of Strength Necklace

Project N3022

Designer: Karlin Jones

This necklace features a beautiful faux turquoise cabochon in a bezel setting nestled between a pair of silver plated wings. It's understated in its beauty but quite striking.

SKU: PND-5592

Project uses 2 pieces

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

This necklace measures 16" long.

1. Use a pair of chain nose pliers to bend the top scallop on an antique silver plated oval bezel cup out until it sits flat, angling straight up.
2. Place a dab of E6000 glue on the back of a faux turquoise cabochon and press it into place in the bezel cup. Allow the glue to dry thoroughly before continuing.
3. Open up a jump ring using your chain nose pliers and slide on the loop from your bezel cup. Don't close your jump ring just yet.
4. Measure the center point of your finished chain, which should be at 8".

5. Next, slide your open jump ring onto that center link. Close your jump ring using your chain nose pliers.
6. Open up a jump ring with your chain nose pliers and slide it through the hole at the top of your wing pendant. Do this also with your other wing pendant. Do not close the jump rings yet.
7. Next, slide on one of your jump rings onto the third chain link on the right side of your cabochon. Repeat this process on the other side with your other wing pendant. Close the jump rings.
8. Your necklace is now ready.
