## Instructions

Please note that the crystal gemstone beads used in this project vary in size and shape.

1. Before you begin, please watch the video on How to Wire Wrap A Briolette.
2. Following what you learned in the video, cut a 2 feet length of wire using your flush cutters. (You may cut more for a "messier" wrap). Thread it through your crystal gemstone bead and create a "Birds Nest" wire wrap. Snip off any excess wire using your flush cutters.
3. Take your length of chain and slide it through the loop on your wire wrapped bead.
4. Next, using your chain nose pliers, open a gold plated jump ring and attach it onto the last link from one side of your 36 inch length chain. Close the jump ring.

5. Open another jump ring and slide it onto the last link from your other side of chain; also slide on the loop from your lobster clasp and close.

6. That's it!
